Appropriation CAPS

P.L. 2004 C. 74 (S-1702/A-98) places limits on municipal expenditures. Commonly referred to as the "CAP" law, it is actually calculated by a method established by law.

The actual calculation is somewhat complex, but in general it works as follows. Starting with the figure in the 2012 Budget for Total General Appropriations, the following 2012 Budget figures are subtracted: State and Federal Programs, Capital Expenditures, Emergency Appropriations up to 3%, Debt Service, Cash Deficit (if approved by the Local Finance Board), Reserve for Uncollected Taxes, Maintenance of a Free Public Library, Joint Library, or Public Library, Funds from the Sale of Municipal Assets under certain circumstances, Type I School District Debt Service, Public Assistance State Aid Agreement, Interlocal Service Agreements, P.E.R.S. and P.F.R.S Pension Liability and certain other expenses exempted by Statute. Take the resulting figure and multiply it by 2.5% and this gives you the basic "CAP", or the amount of appropriation increase allowed over the 2012 Total General Appropriations. When the COLA (cost of living adjustment) is less than or equal to 2.5%, the municipality may by ordinance increase the CAP to the COLA percentage (3.5% for 2013).

In addition to the increases allowed above, other increases are allowed:

- (A) Expenditures of amounts derived from new or increased construction, housing, health to fire safety inspection or other service fees imposed by State law, rule or regulation or by local ordinance
- (B) From new or increased service fees
- (C) Any amount approved by referendum
- (D) Expenditures mandated by State or Federal Law after 1/1/91

- (E) Payments required to be made pursuant to any contract with respect to use, services or provision of any project facility or public improvements for water-sewer solid waste, parking or any similar purpose or payments on account of debt service therefore between a municipality, county, school or other instrumentality, public corporation, body corporate and public subdivision of this state. Appropriations for items subtracted in the above paragraph may be set at any necessary level and are not subject to the "CAP"
- (F) Federal, State, County or Private Grants including required matching funds
- (G) If the COLA Index exceeds 2.5% a municipality may by ordinance increase the CAP up to the COLA percentage
- (H) Amounts appropriated for expenditures resulting from the impact of a hazardous waste facility as described in subsection c. of section 32 of P.L. 1981, c. 279 (C13:1E-80)
- (I) Amounts expended in preparing and implementing a housing element and fair share plan pursuant to the provisions of P.L. 1985, Chapter 222 and any amounts received by a municipality under a regional contribution agreement pursuant to Section 12 of that act. Under certain circumstances if approved by the Board;
 - (1) Mandated expenditures as a result of a natural disaster, civil disturbance or other emergencies authorized by the President or Governor.
 - (2) Extraordinary expense, approved by the Local Finance Board required for the implementation of an interlocal services agreement
 - (3) Any local unit which is determined to be experiencing fiscal distress pursuant to the provisions of P.L. 1987, C 75 (C.52.27D-118.24 et seq.), whether or not a local unit is an "Eligible Municipality" as defined in section 3 of P.L. 1987. C. 75 (C52.27D-118.26 et seq.).

2013 CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

CAPITAL BUDGET	- A plan for all capital expenditures for the current fiscal year. If no Capital Budget is included, check the reason why:
	Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line Items and Down Payments on Improvements.
	No bond ordinances are planned this year.
CAPITAL IMPROVEMENT PROGRAM	- A multi-year list of planned capital projects, including the current year. Check appropriate box for number of years covered, including current year:
	3 years. (Population under 10,000)
	6 years. (Over 10,000 and all county governments)
	years. (Exceeding minimum time period)
	Check if municipality is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately previous three years, and is not adopting CIP.
